THE HOME OF STAMP COLLECTING

GB Spring List
2020

INTRODUCTION

Dear Collector,

Welcome to our latest stamp offering for 2020 and we hope you have all had a good start to the year. This Spring edition covers our usual broad range of GB philately with particularly strong George V and George VI sections.

The big calendar event this year is of course the International show in London this May.

Our stand will feature a dedicated retail space alongside our latest publications, a full range of accessories and viewing for our next auction. The long awaited Great Britain Specialised Volume 1 will be on sale and the new edition of the Concise. We hope to see many of you there!

Our contact details are on the next page or you can use the enclosed order form and send it to the printed address. As our stock is continually changing, please do check the Stanley Gibbons website or share your wants list with us to receive direct offers as soon as new items arrive.

Happy collecting and best wishes,

Team GB

1
1839 Treasury competition essay by Charles Whiting. Very fine "Harwood Envelopes" essay printed in green on wove paper using the congreive method of interlocking printing plates. The highly ornate engine turned design was produced to illustrate the use of this method as protection against forgery. Folded into envelope as usually seen not detracting from this very attractive and scarce essay.

SG 467b/478b c.1942 WWII Ministry of Aircraft Production Official Mail. Two very fine pieces each bearing multiple "Arms" High values one with additional definitives (one for 18s9d and another at £8,0s,0d). During the war Rolls Royce sent their correspondence to USA by air in the official bag of the Ministry of Aircraft Production. This ensured speed, certainty of destruction if encountered by the enemy and avoidance of censorship. Some packets were very large and at a rate of 1s3d per oz several required over £20 postage. At first they were sent without adhesives but the P.O. Authorities complained that this was defrauding the revenue so the correct stamps were affixed at Derby then sent to London and cancelled by violet "M.A.P./ BY BAG" handstamps, enclosed in the diplomatic bag and sent by air to the British Purchasing Commission, Washington D.C. It is believed a consignment of these labels were returned to Derby as a favour to the original sender who distributed these scarce pieces between his associates. So far as is known this method of transit was in the nature of a favour on the part of the M.A.P. extended only to Rolls Royce, and to no other firm in the country mostly in part due to the integral part the company played in the supply of goods to the allied forces during WWII. Two wonderful exhibition pieces. P201001464 £3,250
